

Subject: Communication from Alderman Greg Holding and County Supervisor Russell Clark regarding snow removal and weed control at foreclosed properties.

Supervisor Clark is arranging for the Register of Deeds to provide a list of foreclosed properties to assist the city in prioritizing sidewalk snow removal and summer weed cutting. With the recent increase in foreclosures, more and more residents have to put up with unsightly and unsafe conditions at these neglected properties. It is our hope that the UNIT and city crews could prioritize enforcement and work orders at these properties, before they become a major problem.

Gregory T. Holding
Alderman of the 11th District
City of Racine, WI
