Re: Proposal for 2011 Information Technology Consulting

We have received a proposal from AECOM for the 2011 Information Technology Consulting. The proposal is in the not-to-exceed amount of \$25,000 and funding is available in the Professional Services Account 101.130.5610. The proposal is to provide information technology services assisting the City, and specifically the Public Works and Engineering groups, in achieving its goal of providing effective municipal services to its clients, taxpayers and city service users.

If the Committee agrees, the appropriate action would be to approve the proposal and authorize the Mayor and City Clerk to enter the agreement.
