Dept of Public Works

Dear Sirs,

My name is Lisa Burks and I reside at 4300 N. Pineridge Cir. in the city of Racine. Approximately ten years ago, I had a computerized underground sprinkling system professionally installed in my yard.

It has come to my attention that some of the sprinkling heads are located on the city's easement property. I am writing to ask permission to have them located there. I am fully aware that the city will take no liability for any damage they may cause to them.

Thank you for your attention to this matter and if you have any questions I can be reached at (262) 554-2339.

Sincerely,

Lisa Burks
