Subject: Frank Lloyd Wright signing to SC Johnson and Wingspread
Importance: High

286-17

Hi John

Per our conversation last week, I have attached maps showing the route to Frank Lloyd Wright Designed buildings at SC Johnson and Wingspread. Per agreements between our Bureau of Traffic Operations (BTO) and the Frank Lloyd Wright folks we will be installing signs on IH 94 @ STH 20 exit for these two destinations.

You indicated you could furnish and install the signs in the City of Racine along the route. You will be reimbursed for the labor and material. You would invoice WisDOT and our BTO in Madison would make the payment from the funding they received from the Frank Lloyd Wright group.

I have also attached the sign detail messages needed in order to match the message we are installing on the freeway.

I have also attached a couple sign examples. There would be 5 signs

If you could look this over and let me know if the route looks ok and if you can complete this by May 8th WisDOT will be installing a pull thru sign on STH 20 EB at STH 31. I have a call into Village of Caledonia for them to do the sign turning drivers at 4 mile road.

Thank you
