Dear Mr. Moliter,

Thank you for allowing Precise Underground Marking the opportunity to provide the City of Racine with this proposal. Precise Underground Marking has been providing facilities damage protection for the City of Racine for over a decade. During that time we've formed a very positive relationship; however, numbers are always negotiable and we look forward to continuing that relationship for another decade. On behalf of the entire staff here at Precise we want you to know that it has been a pleasure working with you and the entire Public works team for the City of Racine. Should our proposal not meet with your needs at this time, we are available if we can be of assistance in the future.

Respectfully

Charles Goins  
President  
Precise Underground Marking Corp
