Park and Rec Request:

All,

Salmon-a-Rama is just around the corner and we are making progress on this years event. Below outlines our request for the grounds at the small boat basin "boat launch".

We "Salmon Unlimited" are requesting the use of the concession stand at the small boat basin for this year's Salmon-a-Rama. Having the option to use this building will provide better security for ticket sales, Tournament Registration, clothing sales, and protect staff from the weather. Our request is for July 7th through the 17th.

In addition to the concession stand request, we are also requesting the permission to put a tent up on the grounds similar to last years request. At a minimum we will put a tent up in between the concession stand and our pavilion. If outside groups come in to provide entertainment and concessions we could possibly expand on the boat ramp grounds. Last year we had approval to use the west side of the boat ramp parking lot for a larger tent. We did not use that option but would like to have it still available if need be.

Thank you for your concideraton,

Thomas Pietila
President, Salmon Unlimited
Co-Chairman, Salmon-a-Rama
