RE: Cancer Benefit Fee Waiver/Discount Request

The event being held [at the Dr. John Bryant Community Center on March 10, 2018] is for a relative that has cancer and we are raising funds to assist with her medical care since she is unable to work. I am requesting the fees be waived or discounted to be able to allow more funds to be freed up to help with the medical expenses so that my cousin can concentrate with fighting this horrible disease that takes so many lives. Cancer will not take my cousin from her family!
