Assistant Commissioner of Public Works/Engineering

RE: Time Warner Cable Conduit Agreement

Time Warner Cable is desirous of using the City of Racine owned conduit system for installation, operation, maintenance and repair of their fiber optics on 4th Street, Main Street and Fifth Street.

The agreement would be for three (3) years with an auto-renewal clause for 3 consecutive 3-year periods. The anticipated revenue would be approximately \$870.00 per year. This is based on \$.87 per foot conduit fee with 5% annual escalator Time Warner use of 1,000 square feet.

If the Committee agrees, the appropriate action would be to refer this to the City Attorney's Office to draft a conduit agreement with Time Warner Cable.
