

8/24/16

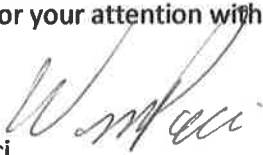

To whom it may concern,

This letter is simply meant as notice to be heard on some questions I have regarding a new pricing structure implemented by either the finance committee or the Park and Rec dept as it pertains to the use of city parks. I am the president of Racine County Prep Football formally operating as Old Timers Football Association a non-profit youth based tackle football organization. We offer tackle football for Racine residents both boys and girls at the grades of 1st thru 8th . And have been doing so since 1971.

Our organization has recently been informed of a usage fee increase and we would like the opportunity to discuss this with those who have felt this necessary. A brief presentation could be made at the common council meeting if you could see your way to allowing us on the agenda. Or a course of action that you would recommend that would be most impactful.

Thank you for your attention with this matter,

William Pucci

A handwritten signature in cursive script, appearing to read "W. Pucci", is written over the printed name.
