Janice Johnson-Martin  
City Clerk/Treasurer  
730 Washington Avenue  
Racine, WI 53403

Janice,

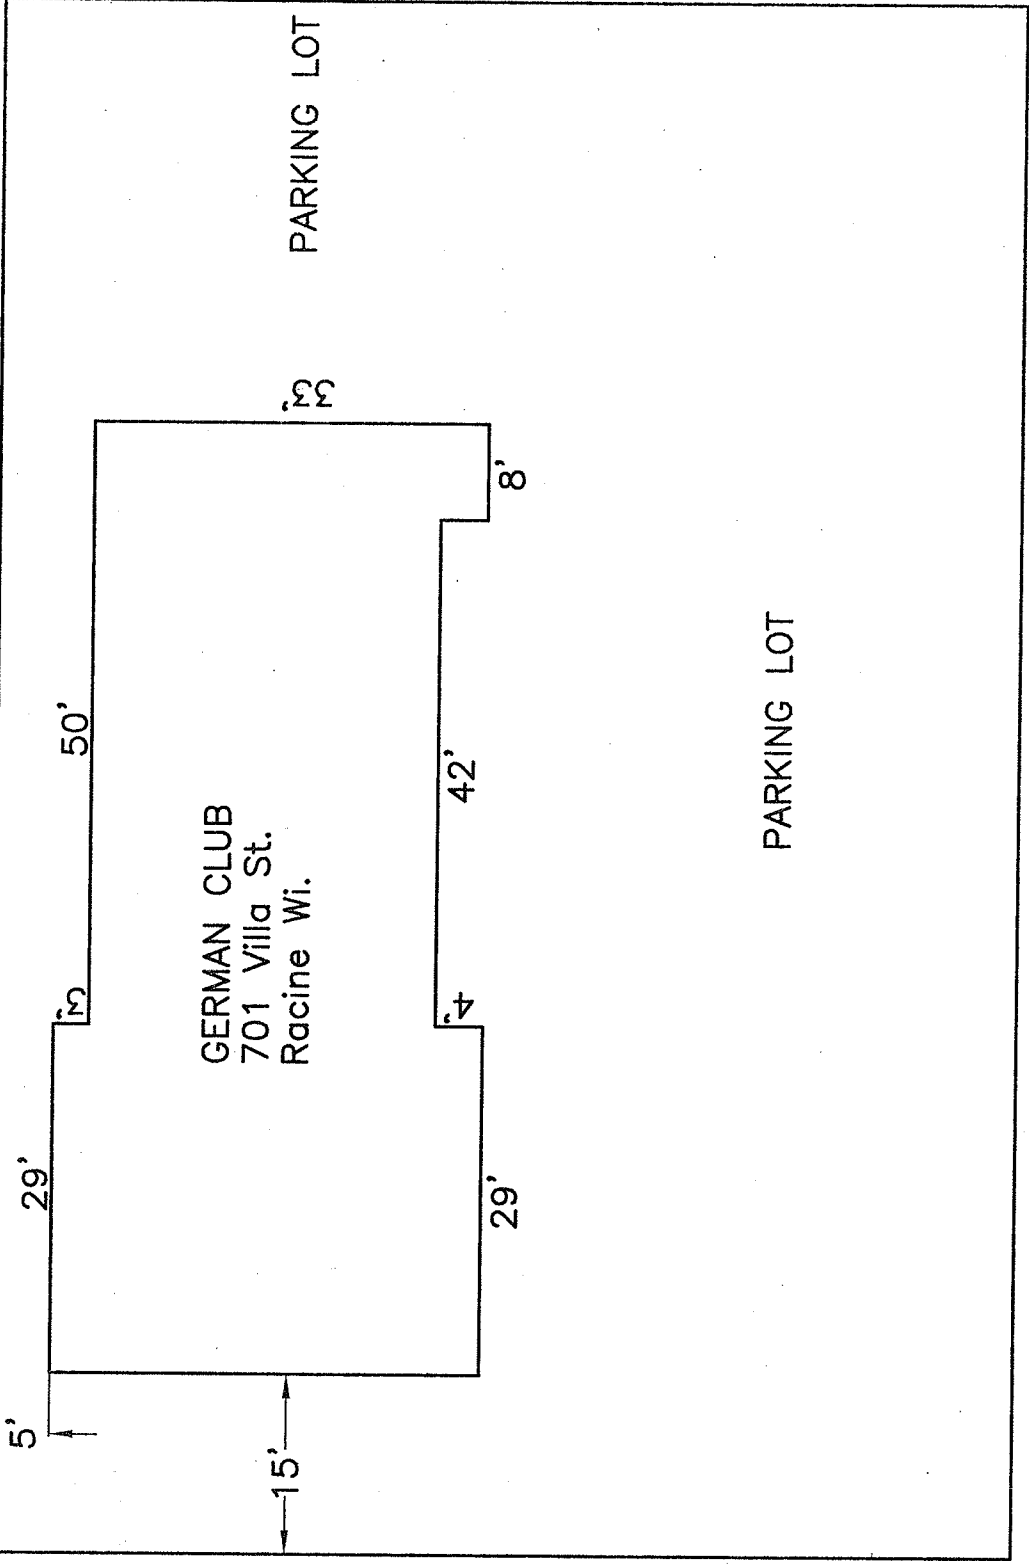

Based on our recent e-mail correspondence (attached) please consider this a formal request to expand our property limits to the edges of our property line. In keeping with current laws and regulations we would like to be able to have the ability for our membership to partake of a beverage in our parking lot. This would permit us to enhance our business by having cookouts, dinners and events for our members without fear of ticketing from authorities. We have a closed membership and are not open to the public. I have enclosed a current plot of the property per instruction. Please forward to the Public Safety and Licensing committee for review and further action.

Regards,

Jeff Hill
