Re: Riverbend Lofts, 720 S. Marquette Street

As a part of the Riverbend Lofts project we are proposing new decks outside the building for future owners use. On the west side of the building these decks hang over the sidewalk because the building is on the property line. (See attached drawings).

We are asking permission to do this and request you forward this to the Public Works Service Commission for their review and execution of a hold harmless agreement as deemed necessary.

Please advise me if you have questions or need any further information.

Sincerely,

Jim Walter
