

To Whom It May Concern

3-21-13

My Name is Robert Mason

I would like to appear before the Public Works Community on April 9, 2013 to discuss an incident that happened with the Building Dept. on 3/21/13 regarding a clean-up order at 1830 Woodland Ave. I would

not only like to talk about the incident but also policy & procedures.

A letter was sent to my landlord to remove a T.V. The landlord assumed I received the same letter. So I was not told to move the T.V. The City came & took the T.V. Policy is to not include the interested party. Policy says - Don't send a letter to the person involved. If they had I would have moved it. ~~But~~ Policy says Don't treat the tenant like a person - Why? Change the Policy Involve us some of us care
