**Subject:** Re: Hi

To whom this may concern

This is in reference to a one hour parking sign located at the 900 block of Marquette St(North of State Street). It is come to my attention from my tenants that this parking sign is a nuisance and it was placed here due to an old business that is no longer in the area and the business I'm referencing was Pedro's repair on the opposite side of the street. So now due to the separation of the business I am asking for the sign to please be removed there is quite a few houses on this block that don't have driveways so one hour parking on the east Side of the street should be removed..
