RE: Official Notice #6 Recommendation

DATE: May 20, 2011

I have reviewed the Bidder's Proposals submitted for Official Notice # 6 a second time and have determined that the Loadmaster Excel-S packer complies to the overall length requirement of the specification. This was the primary reason for not recommending them originally.

The overall length requirement, as stated in the specifications, was increased from 31' in 2010 to 32' in 2011 to accommodate additional exhaust after-treatment systems. The new length was not updated in my refuse packer comparison worksheet and the Loadmaster appeared to not meet spec.

Therefore, it is my recommendation that we purchase the Mack LEU613 chassis with Loadmaster Excel-S refuse packers from Racine Truck Sales. The price for two complete units would be \$358,750. Trade values of \$13,000 were offered. The total acquisition cost would be \$345,750.

Should you have any questions or concerns with this recommendation please contact me.
