Mr. Rooney,

Although I understand stop signs are a difficult issue, I would like to put in a formal communication requesting that east-west facing stop signs be added at the intersection of Haven Ave and Monroe in West Racine.

When this item goes to traffic commission, please invite me and Mr. Bob Brown from 3725 Haven Ave.

Thank you.

Aron Wisneski
12th District Alderman

Subject: Excessive speeding on Haven Avenue

Aron,

I have contacted you in the past several times in the past three years about the excessive speed on Haven Avenue and to be honest, I really do not think that this issue or concern has been seriously addressed. I know that speeding is at the bottom of the priority list for our Police Department but when a child is injured or killed would this known concern then be addressed?

In the past our neighbors would yell at the speeders to slow down but after being threatened with comments and hand jesters we have stopped as we fear them. It is a shame that we as homeowners cannot even protect our own neighborhood without fear of retaliation....

What do we have to do to get this addressed. I know you are highly respected and known as the person that can get things done. Aron please have this addressed. Maybe get stop signs at each street. Something has to be done before someone is injured or God forbid.... Killed!
