(b) Prior to disbursement, Loan proceeds shall be held by the CWFP or by the Trustee for the account of the CWFP. Earnings on undisbursed Loan proceeds shall be for the account of the CWFP. Loan proceeds shall be disbursed only upon submission by the Municipality of disbursement requests and approval thereof as set forth in Section 3.06 hereof.

(c) The Loan shall bear interest at the rate of one and 870/1000ths percent (1.870%) per annum, and interest shall accrue and be payable only on Loan principal amounts actually disbursed on the Municipal Obligations, from the date of disbursement until the date such amounts are repaid or forgiven

(d) Disbursements of Financial Assistance shall generally first be made in the form of a Loan disbursement on the Municipal Obligations which must be at least 5% of the Municipal Obligation amount or \$50,000, whichever is less, second in the form of Loan disbursements which include the applicable percentage of Principal Forgiveness up to \$700,000 and third, if the Principal Forgiveness cap has been reached, in the form of Loan disbursements on the Municipal Obligations. Principal Forgiveness will be applied at the time of Loan disbursement.

(e) The Municipal Obligations shall include the Loan Disbursement Table (Exhibit C). The actual dates of disbursements shall be reflected as part of the Municipal Obligations. DOA shall make entries as each disbursement is made and as each principal amount is repaid; the CWFP and the Municipality agree that such entries shall be mutually binding.

(f) Upon Final Completion of the Project, DOA may request that the Municipality issue substitute Municipal Obligations in the aggregate principal amount equal to the outstanding principal balance of the Municipal Obligations.

(g) The Municipality shall deliver, or cause to be delivered, a Municipal Obligation Counsel Opinion to the CWFP concurrently with the delivery of the Municipal Obligations.

Section 3.02. Municipal Obligations Amortization Principal and interest payments on the Municipal Obligations shall be due on the dates set forth in Exhibit B of this FAA. The payment amounts shown on Exhibit B are for informational purposes only and assume the full amount of the Municipal Obligations is disbursed and that the full amount of Principal Forgiveness available is applied to the Loan on June 27, 2018. It is understood that the actual amount of the Municipality's Municipal Obligations payments shall be based on the actual date and amount of disbursements on the Municipal Obligations. Notwithstanding the foregoing or anything in the Municipal Obligations, the Municipal Obligations shall be for no longer than twenty (20) years from the date of this FAA, and shall mature and be fully amortized not later than twenty (20) years after the original issue date of the Municipal Obligations. Repayment of principal on the Municipal Obligations shall begin not later than twelve (12) months after the expected or actual Substantial Completion date of the Project.

Section 3.03. Type of Municipal Obligation and Security The Municipality's obligation to meet annual debt service requirements on the Municipal Obligations shall be a revenue obligation evidenced by issuance of

revenue bonds pursuant to s. 66.0621, Wis. Stats. The security for the Municipality's obligation shall be a pledge of revenues to be derived from the Municipality's Sewerage System, and the Municipality shall agree that if revenues from the Sewerage System are insufficient to meet annual debt service requirements, the Municipality shall purchase sewerage services in amounts sufficient to meet annual debt service requirements as provided in and set forth in Section 9 of the Municipal Obligation Resolution. The annual revenues net of all current expenses shall be equal to not less than the annual principal and interest requirements on the Municipal Obligations, any Parity Obligations and any other debt obligations payable from the revenues of the Sewerage System then outstanding, times the greater of (i) 110 percent or (ii) the highest debt service coverage ratio required with respect to any Parity Obligations or any other debt obligations payable from the revenues of the Sewerage System then outstanding. As of the date of this FAA, the required debt service coverage ratio is 110 percent; however, this percentage is subject to change as outlined in the prior sentence. The Municipal Obligations are also secured as provided in Section 3.08 hereof.

Section 3.04. Other Amounts Payable The Municipality hereby expressly agrees to pay to the CWFP:

(a) such Servicing Fee as the CWFP may impose pursuant to s. 281.58(9)(d), Wis. Stats., which shall be payable in semiannual installments on each interest payment date; such a Servicing Fee shall be imposed upon the Municipality after approval of a future Biennial Finance Plan by the State of Wisconsin Building Commission which contains a Servicing Fee requirement, schedule, and amount; and

(b) the Municipality's allocable share of the Fees and Charges as such costs are incurred. Allocable share shall mean the proportionate share of the Fees and Charges based on the outstanding principal of the Loan.

Amounts paid by the Municipality pursuant to this Section 3.04 shall be deposited in the Expense Fund established pursuant to the General Resolution.

Section 3.05. Sale and Redemption of Municipal Obligations

(a) Municipal Obligations may not be prepaid without the prior written consent of the CWFP. The CWFP has sole discretion to withhold such consent.

(b) The Municipality shall pay all costs and expenses of the CWFP in effecting the redemption of the Bonds to be redeemed with the proceeds of the prepayment of the Municipal Obligations. Such costs and expenses may include any prepayment premium applicable to the CWFP and any investment losses incurred or sustained by the CWFP resulting directly or indirectly from any such prepayment.

(c) Subject to subsection (a), the Municipality may prepay the Municipal Obligations with any settlements received from any third party relating to the design or construction of the Project.

(d) Prepayments of the Municipal Obligations shall be applied pro rata to all maturities of the Municipal Obligations.

Section 3.06. Disbursement of Financial Assistance

(a) Under this FAA, Financial Assistance shall be drawn in the order specified in Section 3.01(d) of this document.

(b) Each disbursement request shall be delivered to DNR. Each request must contain invoices or other evidence acceptable to DNR and DOA that Project Costs for which disbursement is requested have been incurred by the Municipality.

(c) The CWFP, through its agents or Trustee, plans to make disbursements of Financial Assistance on a semimonthly basis, upon approval of each disbursement request by DNR and DOA. Such approval by DNR and DOA may require adjustment and corrections to the disbursement request submitted by the Municipality. The Municipality shall be notified whenever such an adjustment or correction is made by DNR or DOA.

(d) Disbursements made to the Municipality are subject to pre- and post-payment adjustments by DNR or DOA.

(1) If the Financial Assistance is not yet fully disbursed, and CWFP funds were previously disbursed for costs not eligible for CWFP funding or not eligible under this FAA, the CWFP shall make necessary adjustments to future disbursements.

(2) If the Financial Assistance is fully disbursed, including disbursements for any costs not eligible for CWFP funding or not eligible under this FAA, the Municipality agrees to repay to the CWFP an amount equal to the non-eligible costs within 60 days of notification by DNR or DOA. The CWFP shall then apply the amount it receives as a Loan prepayment or as a recovery of a Loan disbursement with Principal Forgiveness (if there is no outstanding Loan principal balance available to which the recovery may be applied).

(e) The CWFP or its agent shall disburse Financial Assistance only to the Municipality's account by electronic transfer of funds. The Municipality hereby covenants that it shall take actions and provide information necessary to facilitate these transfers.

(f) Disbursement beyond ninety-five percent (95%) of the Financial Assistance, unless otherwise agreed to by DNR and DOA pursuant to a written request from the Municipality, may be withheld until:

(1) DNR is satisfied that the Project has been completed in accordance with the Plans and Specifications, DNR has approved all change orders relating to the Project, and DNR has determined that the Project is in compliance with the Municipality's WPDES Permit;

(2) the Municipality certifies to DNR its acceptance of the Project from its contractors;

(3) the Municipality certifies in writing to DNR its compliance with applicable Federal requirements (certification must be as prescribed on Exhibit G); and

(4) DNR certifies in writing to DOA the Municipality's compliance with all applicable requirements of this FAA.

(g) The following IRS Regulation applies to project expenditures. IRS Regulation 1.148-6(d)(1)(iii), which states, in part, "An issuer must account for the allocation of proceeds to expenditures not later than 18 months after the later of the date the expenditure is paid or the date the project, if any, that is financed by the issue is placed in service".

Section 3.07. Remedies

(a) If the Municipality:

(1) or any authorized representative is not complying with federal or state laws, regulations, or requirements relating to the Project, and following due notice by DNR the Project is not brought into compliance within a reasonable period of time; or

(2) is not complying with or is in violation of any provision set forth in this FAA; or

(3) is not in compliance with the Act or the Regulations;

then DNR may, until the Project is brought into compliance or the FAA non-compliance is cured to the satisfaction of DNR or DOA, impose one (1) or more of the following sanctions:

(i) Progress payments or disbursements otherwise due the Municipality of up to 20% may be withheld.

(ii) Project work may be suspended.

(iii) DNR may request a court of appropriate jurisdiction to enter an injunction or afford other equitable or judicial relief as the court finds appropriate.

(iv) Other administrative remedies may be pursued.

(b) If the Municipality fails to make any payment when due on the Municipal Obligations or fails to observe or perform any other covenant, condition, or agreement on its part under this FAA for a period of thirty (30) days after written notice is given to the Municipality by DNR, specifying the default and requesting that it be remedied, the CWFP is provided remedies by law and this FAA. These remedies include, but are not limited to, the following rights:

(1) Pursuant to s. 281.59(11)(b), Wis. Stats., DOA shall place on file a certified statement of all amounts due the CWFP under this FAA. DOA may collect all amounts due the CWFP by deducting those amounts from any State payments due the Municipality, or add a special charge to the amount of taxes apportioned to and levied upon the county in which the Municipality is located under s. 70.60, Wis. Stats.

(2) Pursuant to s. NR 162.18(1), Wis. Adm. Code, DNR may: declare the unpaid Loan balance due and immediately payable; increase the interest rate on the unpaid balance of the Loan to the market interest rate in effect on the date the FAA was executed; or immediately terminate the FAA and disburse no additional funds, if the Loan has not been fully disbursed.

(3) The CWFP may, without giving bond to the Municipality or anyone claiming under it, have a receiver appointed for the CWFP's benefit of the Project and the Municipality's Sewerage System and of the earnings, income, rents, issues, and profits thereof, with such powers as the court making such appointment shall confer. The Municipality hereby irrevocably consents to such appointment.

(4) In the case of a joint utility system, the CWFP may bill the users of the Municipality's system directly.

(5) The CWFP may enforce any right or obligation under this FAA, including the right to seek specific performance or mandamus, whether such action is at law or in equity.

Section 3.08. Security for the Municipal Obligations In accordance with the terms of the Municipal Obligation Resolution:

(a) as security for the Municipal Obligations, the Municipality hereby pledges the revenue to be derived from the Municipality's Sewerage System (which is a dedicated source of revenue); and

(b) other than as already pledged to the outstanding Parity Obligations, the Municipality shall not pledge the revenues, except as provided in Section 11 of the Municipal Obligation Resolution, to be derived from the Municipality's User Charge System or other revenues pledged under Section

3.08(a), above, to any person other than the CWF, unless the revenues pledged to such other person meet the highest debt coverage ratio then applicable to the Municipality.

Section 3.09. Effective Date and Term This FAA shall become effective upon its execution and delivery by the parties hereto, shall remain in full force and effect from such date and shall expire on such date as the Municipal Obligations shall be discharged and satisfied in accordance with the provisions thereof.

ARTICLE IV
CONSTRUCTION OF THE PROJECT

Section 4.01. Insurance The Municipality agrees to maintain property and liability insurance for the Sewerage System and Project that is reasonable in amount and coverage and that is consistent with prudent municipal insurance practices for the term of this FAA. The Municipality agrees to provide written evidence of insurance coverage to the CFWP upon request at any time during the term of this FAA.

In the event that the Sewerage System or Project is damaged or destroyed, the Municipality agrees to use the proceeds from its insurance coverage either to repay the Financial Assistance or to repair or replace the Sewerage System.

Section 4.02. Construction of the Project The Municipality shall construct the Project, or cause it to be constructed, to Final Completion in accordance with the Application and the Plans and Specifications. The Municipality shall proceed with the acquisition and construction of the Project in conformity with law and with all applicable requirements of governmental authorities having jurisdiction with respect thereto, subject to such modifications of Plans and Specifications that alter the cost of the Project, use of space, scope, or functional layout, as may be previously approved by DNR.

Section 4.03. Performance Bonds The Municipality shall provide, or cause to be provided, performance bonds assuring the performance of the work to be performed under all construction contracts entered into with respect to the Project. All performance bonds required hereunder shall be issued by independent surety companies authorized to transact business in the State.

Section 4.04. Completion of the Project

(a) The Municipality agrees that it shall undertake and complete the Project for the purposes and in the manner set forth in this FAA and in accordance with all federal, state, and local laws, ordinances, and regulations applicable thereto. The Municipality shall, with all practical dispatch and in a sound and economical manner, complete or cause to be completed the acquisition and construction of the Project, and do all other acts necessary and possible to entitle it to receive User Fees with respect to the Project at the earliest practicable time. The Municipality shall obtain all necessary approvals from any and all governmental agencies prior to construction which are requisite to the Final Completion of the Project.

(b) The Municipality shall notify DNR of the Substantial Completion of the Project. The Municipality shall cause to be prepared as-built plans for the Project at or prior to completion thereof.

(c) The Municipality shall take and institute such proceedings as shall be necessary to cause and require all contractors and material suppliers to complete their contracts diligently and in accordance with the terms of the contracts including, without limitation, the correcting of defective work.

(d) Upon Final Completion of the Project in accordance with the Plans and Specifications, the Municipality shall:

- (1) certify to DNR its acceptance of the Project from its contractors, subject to claims against contractors and third parties;
- (2) complete and deliver to DNR the completed Contract Utilization of Disadvantaged Business Enterprises (DBE) form attached hereto as Exhibit E of this FAA;
- (3) prepare and deliver to DNR the completed Federal Requirements Compliance Certification attached hereto as Exhibit G of this FAA;

- (4) obtain all required permits and authorizations from appropriate authorities, if required, for operation and use of the Project; and
- (5) submit to DNR an Operation and Maintenance Manual Certification Checklist.

Section 4.05. Payment of Additional Project Costs

(a) In the event of revised eligibility determinations, cost overruns, and amendments exceeding the Financial Assistance amount, the CWFP may allocate additional financial assistance to a project. The allocation of additional financial assistance may be in the form of a loan at less than the market interest rate, which is established pursuant to the Act and Regulations. The allocation of additional financial assistance shall depend upon availability of funds pursuant to the Act and the Regulations.

(b) In the event that this Financial Assistance is not sufficient to pay the costs of the Project in full, the Municipality shall nonetheless complete the Project and pay that portion of the Project Costs as may be in excess of available Financial Assistance and shall not be entitled to any reimbursement therefore from the CWFP, or the owners of any bonds, except from the proceeds of additional financing which may be provided by the CWFP pursuant to an amendment of this FAA or through a separate FAA.

Section 4.06. No Warranty Regarding Condition, Suitability, or Cost of Project Neither the CWFP, DOA, DNR, nor the Trustee makes any warranty, either express or implied, as to the Project or its condition, or that it shall be suitable for the Municipality's purposes or needs, or that the Financial Assistance shall be sufficient to pay the costs of the Project. Review or approval of engineering reports, facilities plans, Plans and Specifications, or other documents, or the inspection of Project construction by DNR does not relieve the Municipality of its responsibility to properly plan, design, build, and effectively operate and maintain the Project as required by laws, regulations, permits and good management practices. DNR or its representatives are not responsible for increased costs resulting from defects in the Plans and Specifications or other Project documents. Nothing in this section prohibits a Municipality from requiring more assurances, guarantees, or indemnity, or other contractual requirements from any party performing Project work.

ARTICLE V
COVENANTS

Section 5.01. Application of Financial Assistance The Municipality shall apply the proceeds of the Financial Assistance solely for Project Costs.

Section 5.02. Operation and Maintenance; Equipment Replacement Fund

(1) at all times operate the Project or otherwise cause the Project to be operated properly and in a sound and economical manner, including proper training of personnel;

(2) maintain, preserve, and keep the Project or cause the Project to be maintained, preserved, and kept in good repair, working order, and condition; and

(3) periodically make, or cause to be made, all necessary and proper repairs, replacements, and renewals so that at all times the operation of the Project may be properly conducted in a manner that is consistent with the requirements of the WPDES Permit. The Municipality shall not, without the approval of DNR, discontinue operation of or sell or otherwise dispose of the Sewerage System, except for portions of the Sewerage System sold or otherwise disposed of in the course of ordinary repair and replacement of parts so long as this FAA is outstanding.

(b) The Municipality shall establish an equipment replacement fund according to s. NR 162.08, Wis. Adm. Code, and maintain the equipment replacement fund as a separate fund of the Municipality. All User Fees or other revenues specifically collected for the equipment replacement fund shall be deposited into the equipment replacement fund and used for replacement and major repair of equipment necessary for the operation of the Sewerage System. Annual deposits shall be made to the equipment replacement fund in amounts sufficient to meet the equipment replacement itemized schedule developed by the Municipality or the percentage schedule option. The Project Manager Summary Page (Exhibit F) shall specify the required annual deposit or required minimum balance/percentage.

Section 5.03. Compliance with Law At all times during construction of the Project and operation of the Sewerage System, the Municipality shall comply with all applicable federal, state, and local laws, ordinances, rules, regulations, permits, approvals, and this FAA, including without limitation, the Act, the Regulations and the WPDES Permit.

Section 5.04. Public Ownership The Municipality shall at all times retain ownership of the Project and the Sewerage System of which it is a part.

Section 5.05. Establishment of Project Accounts; Audits

(a) The Municipality shall maintain Project accounts in accordance with generally accepted accounting principles (GAAP), including standards relating to the reporting of infrastructure assets, and directions issued by the CWFP. Without any request, the Municipality shall furnish to DOA, as soon as available and in any event within one hundred eighty (180) days after the close of each fiscal year, a copy of the audit report for such year and accompanying GAAP-based financial statements for such period, as examined and reported by such independent certified public accountants of recognized standing selected by the Municipality and reasonably satisfactory to DOA, whose reports shall indicate that the accompanying financial statements have been prepared in conformity with GAAP and include standards relating to the reporting of infrastructure assets.

(b) The Municipality shall maintain a separate account that reflects the receipt and expenditure of all CWFP funds for the Project. All Financial Assistance shall be credited promptly upon receipt thereof and shall be reimbursement for or expended only for Project Costs. The Municipality shall permit any authorized representative of DNR or DOA, or agents thereof, the right to review or audit all records relating to the Project or the Financial Assistance, and shall produce, or cause to be produced, all records relating to any work performed under the terms of this FAA for examination at such times as may be designated by any of them or their authorized representatives, and shall permit extracts and copies of the Project records to be made by them or their authorized representatives, and shall fulfill information requests by them or their authorized representatives.

Section 5.06. Records The Municipality shall retain all files, books, documents, and records relating to construction of the Project for at least three years following the date of Final Completion of the Project, or for longer periods if necessary due to any appeal, dispute, or litigation. All other files and records relating to the Project shall be retained so long as this FAA remains in effect. As-built plans for the Project shall be retained for the useful life of the Project.

Section 5.07. Project Areas The Municipality shall permit representatives of DNR access to the Project and related records at all reasonable times, include provisions in all contracts permitting such access during construction and operation of the Sewerage System, and allow extracts and copies of Project records to be made by DNR representatives.

Section 5.08. Engineering Inspection The Municipality shall provide competent and adequate inspection of all Project construction, under the direction of a professional engineer licensed by the State. The Municipality shall direct such engineer to inspect work necessary for the construction of the Project and to determine whether such work has been performed in accordance with the Plans and Specifications. Any such work not in accordance with the Plans and Specifications shall be remedied, unless such noncompliance is waived by DNR.

Section 5.09. Tax Covenants

(a) The Municipality covenants and agrees that it shall not take any action, or omit to take any action, which action or omission would result in the loss of the exclusion of the interest on any Municipal Obligations now or hereafter issued from gross income for purposes of federal income taxation as that status is governed by Section 103(a) of the Code or any successor provision.

(b) The Municipality shall not take any action, or omit to take any action, which action or omission would cause its Municipal Obligations to be "private activity bonds" within the meaning of Section 141(a) of the Code or any successor provision.

(c) The Municipality shall not directly or indirectly use or permit the use of any proceeds of the Bonds (or amounts replaced with such proceeds) or any other funds, or take any action, or omit to take any action, which use or action or omission would cause the Bonds to be "arbitrage bonds" within the meaning of Section 148(a) of the Code or any successor provision. The Municipality hereby further covenants to ensure that all amounts actually received by such Municipality from the CWFP are advanced to the entity submitting the invoice (or to reimburse the Municipality) to which each amount relates within three business days, and that all amounts actually received by such Municipality from the CWFP shall not be invested in any interest-bearing account.

(d) The Municipality shall not use (directly or indirectly) the proceeds of the Bonds in any manner that would constitute an "advance refunding" within the meaning of Section 149(d)(5) of the Code or any successor provision.

Section 5.10. User Fee Covenant

(a) The Municipality hereby certifies that it has adopted and shall charge User Fees with respect to the Project in accordance with applicable laws and the Act and in amounts such that revenues of the Municipality with respect to the Project shall be sufficient, together with other funds available to the Municipality for such purposes, to pay all costs of operating and maintaining the Project in accordance with this FAA, and to pay all amounts due under this FAA and the Municipal Obligations.

(b) The Municipality covenants that it shall adopt and shall adequately maintain for the design life of the Project a system of User Fees with respect to the Project in accordance with s. NR 162.08, Wis. Adm. Code. The Municipality covenants that it shall review the User Charge System at least every two years and shall revise and charge User Fees with respect to the Project such that the revenues and funds described in paragraph (a) shall be sufficient to pay the costs described in paragraph (a).

Section 5.11. Notice of Impaired System The Municipality shall promptly notify DNR and DOA in the case of any material damage to or destruction of the Project or any part thereof, or actual or threatened proceedings for the purpose of taking or otherwise affecting by condemnation, eminent domain, or otherwise, all or a part of the Sewerage System, any action, suit, or proceeding at law or in equity, or by or before any governmental instrumentality or agency, or any other event which may impair the ability of the Municipality to construct the Project or operate the Sewerage System or set and collect User Fees as set forth in Section 5.10.

Section 5.12. Hold Harmless The Municipality shall save, keep harmless and defend DNR, DOA, and all their officers, employees, and agents, against any and all liability, claims, costs of whatever kind and nature, for injury to or death of any person or persons, and for loss or damage to any property occurring in connection with or in any way incident to or arising out of the construction, occupancy, use, service, operation, or performance of work in connection with the Project, acts, or omissions of the Municipality's employees, agents, or representatives.

Section 5.13. Nondiscrimination Covenant

(a) In connection with the Project, the Municipality agrees to comply with fair employment practices pursuant to subchapter II of ch. 111, Wis. Stats. This provision shall include, but is not limited to, the following: employment, upgrading, demotion, or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. The Municipality agrees to post in conspicuous places, available for employees and applicants for employment, notices setting forth the provision of the nondiscrimination clause.

(b) The Municipality shall incorporate into all Project contracts which have yet to be executed the following provision: "In connection with the performance of work under this contract, the contractor agrees not to discriminate against any employee or applicant because of age, race, religion, color, handicap, sex, physical condition, developmental disability, or national origin. The contractor further agrees to comply with fair employment practices pursuant to subchapter II of ch. 111, Wis. Stats. This provision shall include, but not be limited to, the following: employment, upgrading, demotion, or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. The contractor further agrees to take affirmative action to ensure equal employment opportunities for persons with disabilities. The contractor agrees to post in conspicuous places, available for employees and applicants for employment, notices setting forth the provisions of the nondiscrimination clause."

Section 5.14. Employees The Municipality or its employees or agents are not employees or agents of the DNR or DOA for any purpose, including worker's compensation.

Section 5.15. Adequate Funds The Municipality shall have sufficient funds available to repay the Municipal Obligations. The Municipality shall have sufficient funds available when construction of the Project is completed to ensure effective operation and maintenance of the Project for purposes constructed.

Section 5.16. Management The Municipality shall provide and maintain competent and adequate management, supervision, and inspection at the construction site to ensure that the completed work conforms with the Plans and Specifications. The Municipality shall furnish progress reports and such other information as DNR may require.

Section 5.17. Reimbursement Any payment of Financial Assistance to the Municipality in excess of the amount determined by final audit to be due the Municipality shall be reimbursed to DOA within 60 days after DNR or DOA provides a notice of overpayment.

Section 5.18. Unpaid User Fees The Municipality shall, to the fullest extent permitted by law, take all actions necessary to certify any unpaid User Fees to the county treasurer in order that such unpaid User Fees will be added as a special charge to the property tax bill of the user.

Section 5.19. Sewer Use Ordinance The Municipality shall comply with the provisions of the Sewer Use Ordinance, as certified in the Application. The Municipality covenants that it shall comply with and enforce all provisions of the Sewer Use Ordinance, as established pursuant to the Act and Regulations.

Section 5.20. Rebates The Municipality agrees to pay to the CWFP any refunds, rebates, credits, or other amounts received for Project Costs that have already been funded by the CWFP. The CWFP shall then apply the amount it receives as a Loan prepayment or as a recovery of a Loan disbursement with Principal Forgiveness (if there is no outstanding Loan principal balance for the Project).

Section 5.21. Maintenance of Legal Existence

(a) Except as provided in par. (b), the Municipality shall maintain its legal existence and shall not dissolve or otherwise dispose of all or substantially all of its assets and shall not consolidate with or merge into another legal entity.

(b) A Municipality may consolidate with or merge into any other legal entity, dissolve or otherwise dispose of all of its assets or substantially all of its assets, transfer all or substantially all of its assets to another legal entity (and thereafter be released of all further obligation under this FAA and the Municipal Obligations) if:

- (1) the resulting, surviving, or transferee legal entity is a legal entity established and duly existing under the laws of Wisconsin;
- (2) such resulting, surviving, or transferee legal entity is eligible to receive financial assistance under the Act;
- (3) such resulting, surviving, or transferee legal entity expressly assumes in writing all of the obligations of the Municipality contained in this FAA and the Municipal Obligations and any other documents the CWFP deems reasonably necessary to protect its environmental and credit interests; and
- (4) the CWFP shall have consented in writing to such transaction, which consent may be withheld in the absolute discretion of the CWFP.

If the CWFP determines that there is a reasonable basis for the requested termination, the CWFP may enter into a termination agreement, including provisions for FAA termination costs, effective with the date of cessation of the Project work by the Municipality. If the CWFP determines that the Municipality has ceased work on the Project without reasonable basis, the CWFP may unilaterally terminate Financial Assistance or rescind this FAA.

Section 6.12. Rescission The CWFP may rescind this FAA prior to the first disbursement of any funds hereunder if it determines that:

- (a) there has been substantial non-performance of the Project work by the recipient without justification under the circumstances;

- (d) the Municipality has failed to comply with the covenants contained in this FAA; or
- (e) any of the representations of the Municipality contained in this FAA were false in any material respect.
