

**CITY OF RACINE BOARD OF HEALTH
FEBRUARY 11, 2025**

DEPARTMENT: Laboratory Division

PREPARED BY: Adrian Koski – Grant Coordinator/Research Assistant III

MONTH: December 2024 – January 2025

Highlights

Date	Meeting	Purpose	Outcome
December 2024	United States Army Corps of Engineers	Samuel Myers Restoration	A wetland mitigation report was submitted in fulfillment of permit conditions. The Corps considers the site to be in compliance with the original permit and no additional monitoring reports are required. This concludes all open permits held by CORPHD at the site.
December 2024	Wisconsin Coastal Management Program	Progress Report	A progress report was submitted detailing the installation of continuous monitoring sensors on the Root River.
December 2024	C.W. Purpero	Samuel Myers Site Management	Meeting with C.W. Purpero to discuss management techniques and shoreline recommendations at storm damaged areas of Samuel Myers Park during 2024.
December 2024 – January 2025	Jacobs and UW-Parkside	Data Entry	Discussion with UW-Parkside representatives to enter data collected by UW-Parkside and analyzed by the CoRPHD into the Wisconsin DNR Surface Water Integrated Monitoring System (SWIMS) database. Completed in January 2025.
January 2025	Department of Agriculture Trade and Consumer Protection (DATCP)	Biennial Laboratory Inspection	DATCP personnel conducted a routine inspection of the laboratory and records. The laboratory retains accreditation as a certified water and dairy laboratory. Personnel were observed conducting dairy analysis and all retain certification.
