Janice,

Please consider this an official communication that Kristin Wilson would like the E-W alley behind her house considered in the 2013 round of proposed improvements. Thanks.

Someone should send a communication in requesting that alley be considered for a preliminary resolution for improvement. This request should come from the alderman or resident since staff has finished bringing forward alleys for improvement. There is plenty of time to get it in. Any questions feel free to contact me.

John,
Can we request that this E-W alley be considered next year? Thanks.

Dear Terry,

Jim and I, 2819 Washington Avenue, would like for you to go ahead and bring up to finish the rest of the alley again.

In the meantime, we can't believe that the city is not doing it's part to maintain the dangerous holes in this alleyway. There should at least be some blacktop put in the holes which are VERY deep and all over.

Please let me know if I need to or should help bring this up again. Thank you.

Sincerely,

Kristin & James Wilson
