To: Alderman John Tate, II, Chairman
Public Works and Services Committee

From: John Rooney
Assistant Commissioner of Public Works/City Engineer

Re: State/Municipal Agreement for the West 6th Street Bridge Project,
State Project ID: 2703-00-02/72

We have received a State/Municipal Agreement for the West 6th Street Bridge Project, State Project ID: 2703-00-02-72. This is a previously established project and this SMA supersedes any previous SMA.

This Municipality agrees to the following 2018-2022 Local Bridge Program project funding conditions:

- Project Design costs are funded with up to 80% state funding up to a funding limit of \$393,328.00. The Municipality agrees to provide the remaining 20% and any funds in excess of the \$393,328.00 state funding limit. Any real estate, railroad, or utility costs are 100% locally funded.
- Project Construction costs are funded with up to 80% state funding up to a funding limit of \$3,652,802.00. The Municipality agrees to provide the remaining 20% and any funds in excess of the \$3,652,802.00 state funding limit. Any real estate, railroad, or utility costs are 100% locally funded.
- Non-participating costs are 100% the responsibility of the Municipality.

The estimated total cost of the project is \$5,297,662.50, with the City's share being \$1,251,532.50 (20% + balance) and the State's share being \$4,046,130.00 (80%). Funding for the City's share is available in Org-Object 45040-57545, West 6th Street Bridge.

If the Committee agrees, the appropriate action would be to approve the SMA and authorize the City Engineer to sign and enter into the agreement.
