Re: 2016 CIP Budget – Sidewalk Inspection and Replacement Programs

The Public Works and Services Committee discussed an item pertaining to the Sidewalk Inspection Program. Their desire was to get \$355,000 added to the 2016 Capital Improvement Program to accommodate Sidewalk Inspection and Replacement Programs. Since this is a modification to the proposed 2016 budget, it would be appropriate to refer a new item to the Committee of the Whole for consideration.
