Commissioner of Public Works

Re: State/Municipal Financial Agreement for a State-Let Highway Project ID:
2290-10-02/72, State Street Bridge B51-0069 – over Root River (Grant Control
Number 00627)

We have received a State/Municipal Financial Agreement (SMFA) for the subject project. The Finance Department has assigned the project Grant Control Number 00627.

The Municipality agrees to the following project funding conditions:

- Funding for preliminary engineering for a connecting highway is 75% State 25% Municipality based on WisDOT's policy for connecting highways.
- Funding for construction of standard roadway items – 100% State.
- Funding for non-participating items – 100% Municipality.

The estimated total cost of the project is \$15,015,000, with the City's share being \$640,000 and the State's share being \$14,375,000. Local share of funding for this project in the amount of \$500,000 is appropriated in the 2025 Capital Improvement Program budget and the remaining local share of funding will be provided for in the 2026-35 Capital Improvement Program budget.

If the Committee agrees, the appropriate action would be to approve the SMFA and authorize the Mayor & City Clerk to sign and enter into the agreement.
