Mayor John Dickert
Members of the Common Council
730 Washington Ave.
Racine, WI 53403

Dear Mayor Dickert and Members of the Common Council:

Request that the Purchasing Agent for the City of Racine be authorized to purchase the RouteMatch Automatic Vehicle Location and Mobile Data Communication modules for BUS paratransit operations. This is an upgrade of the current software used for paratransit dispatch operations and will be a sole-source procurement. The cost of this software is included in the New Freedom grant used to procure the new vehicles and will require no additional funding.

Please refer this communication to the Transit and Parking Commission for review and consideration.

Sincerely,

Curtis Garner
Executive Director
PTMR
