RE: Signal Interconnect and System Timing – Sixth Street - North

I respectfully request permission to apply for a CMAQ grant (Grant Control No. 2007-024) from the Wisconsin Department of Transportation for Signal Interconnect and System Timing Optimization for Sixth Street north to the city limits.

The total grant amount is \$598,000, with the federal share being \$478,400 and the City's share being \$119,600, to be funded in the 2008 CIP.

If the Committee agrees, the appropriate action would be to recommend the Assistant Commissioner/Engineering to apply for the grant.

Sincerely,

John Rooney
Asst. Commissioner/Engineering
