RE: Proposal for Sewer Easements Mapping to GIS

We have received a proposal from AECOM Technical Services for the Mapping of Sewer Easements to the GIS. The proposal is in the not-to-exceed amount of \$20,000. The purpose of the project is to create a City of Racine sewer easements layer for the City's GIS. Funding is available in Account No. 101.130.5830, Computer Software GIS Layers

If the Committee agrees, the appropriate action would be to approve the proposal and authorize the Mayor and City Clerk to enter into the agreement.
