City Engineer

Re: Approval of Transportation Project Plat for 2703-09-01 North Main Street Project.

We are resubmitting the right of way plat for the N. Main Street reconstruction project (WisDOT ID 2703-09-01) requesting approval of the Transportation Project Plat and acquisition of property in fee and temporary limited easement. The project limits are from Goold Street north to Melvin Avenue.

The acquisition of property will be completed in 2023-24. The right of way plat is attached for reference. The roadway reconstruction project is scheduled to begin in the spring of 2025 and completed that year.

Fiscal Note: Funding for the fees and acquisition of the properties is available in the 2023 CIP Budget.

If the Committee agrees, the appropriate action would be to approve the Right of Way Plat and authorize the signature of the Plat. Once the right of way plat is approved the acquisition of property can begin.
