October 6, 2022

Alder. Mollie Jones, Chairperson
Public Works and Services Committee
Racine, WI

Dear Alder Jones:

ABM currently provides parking management services for all off-street parking facilities to the City of Racine. Those services include; revenue collection, reporting, equipment maintenance and parking revenue deposits into the City of Racine financial system.

ABM and the City of Racine signed a professional services agreement for parking management on October 30, 2014. The contract ran for seven years, from December 1, 2014 through November 30, 2021, and included the cost of managing the parking ramps and amortizing the costs of acquiring new parking access and revenue control systems. Common Council approved an extension of this agreement for management services for all off-street parking facilities (ramps & surface lots), which included the maintenance of all computerized fare collection and gate equipment owned by the City of Racine. That extension expires on December 31, 2022.

The proposed contract extension would be \$13,959.50 per month, with termination of the contract by the City of Racine with thirty (30) days written notice.

Staff recommends that the ABM contract be extended on a monthly basis beginning January 1, 2023 for a period no longer than 12 months, expiring on December 31, 2023.

Funding for this work is available in the following accounts:

Org-Obj 60383 52100 Parking System Professional Services

Sincerely,

John C. Rooney, P.E.
Commissioner of Public Works
