City Engineer

Re: Approval of Encroachment Report for State Project ID: 2703-00-06, Ohio Street (Limits:
Washington Ave. to Graceland Blvd.)

We are submitting the Encroachment Report for the Ohio Street project (State Project ID: 2703-00-06 - limits: Washington Ave. to Graceland Blvd.) in order to issue orders for the property owners for the removal of the encroachments. If approved, the City Attorney's office can proceed.

The removal of encroachments needs to be completed before the commencement of construction of the project which is scheduled for the 2026 construction season.

Fiscal Note: Funding for the removal notices is negligible. Funding for roadway construction will be provided in the CIP in 2027.

If the Committee agrees, the appropriate action would be to approve the Encroachment Report and direct the City Attorney do issue said orders.
