John...Let me know if you need more then this.

Statement from PRCS Department

A request was made to reduce the parking restriction on Riverview Terrace that runs next to Barbee Park and the bike pathway along the river. The PRCS Department is in approval of the request with two recommendations. 1) That the parking restriction be reduced to 60 feet from the corner of Memorial and Riverview Terrace, or a distance recommended from the DPW office, 2) the transitional path connecting to the bike pathway along the river must be available for individuals to access from the Riverview Terrace. Suggestion.....:No Parking" signs posted on the road.
