Hi Tara,

Their address is 442 Wolff St. - I'm sorry about that. I thought it was in the email I forwarded to you. I'll resend the attachments he provided.

Good Afternoon Alder Levie-

I would be happy to submit a communication to the PWS que but is it possible to get an address from the constituent?

Once I have that is the following verbiage ok:

Communication sponsored by Alder Levie requesting to allow a property at _____ to install a fence on the City right of way.

Please advise.

Thank you,
Tara

Hi Tara,

The following email and attachments are from a constituent regarding a chain link fence he wants to install on his property that is at the dead end of Wisconsin Avenue and Wolff Street.

He and I spoke with the city and found out he can't have a variance, but that he can go to the Public Works Committee and request permission to proceed.

When you have a chance, could you let me know what I need to do to get this on the Public Works agenda?

Thanks so much for your help.

Best regards,

Jen

Subject: Fencing request

Hi Jennifer,

I would like to place a fence similar to the 1st image on the city's right of way. It is approximately 5.5ft off of the curb. The standard in Racine is somewhere between 11ft and 12ft away from the curb. The second image illustrates where I'd like to place the fence (the yellow line). The blue/red lines are where the Dan, the city inspector, said normally fences go but he doesn't believe there should be any issues why I can't build the fence where I would like it to be. Thanks

-Kyle
