Re: A rate change request

I am following up with you in regards to the rate change request that was put in with the Racine Police Department. I would like to know if there has been any attempt made to set a date for a review or if there is any additional paperwork needed on all the towers behalf. If there is a petition needed to be signed, I can have them to you whenever you need. Please let me know what else we need to do.
email address: jensentowing@sbcglobal.net

Thank you in advance.
