Communication requesting permission to operate hot dog cart in designated bump-out areas of downtown Racine. This request was formerly granted (Aug. 2012) on a limited basis. Last year my communication requested only Friday and Saturday nights during bar hours 10 pm-2 am. This year I extend my permission request to include unlimited days and hours. Our limited experience last fall operating for bar crowds showed some potential. We believe we can contribute to the quality of downtown Racines' offerings and hope you view our request favorably.

Thank you for your consideration,
Adam, Bonnie, and Dale Nelson.
