CITY ENGINEER

Mr. Michael H. Andreasen  
Village of Mt. Pleasant  
6126 Durand Ave.  
Racine, WI 53406

Dear Mr. Andreasen:

Attached are two copies of a bus service agreement between the City of Racine and the Village of Mt. Pleasant for 2010 which you previously discussed with Curtis Garner of the Belle Urban System. This agreement provides only for fixed-route transit service in the Village. The estimated cost of this agreement to the Village is about \$171,917. Village costs are estimated based upon local cost per mile run in the Village. Exhibit A of the agreement explains how many miles are run daily in the Village and how expenses are calculated. Unfortunately, while the budget shows a combined amount totaling 60% of the cost, we have not yet received a firm indication of how much Federal and State aid we will receive.

Please have two copies of the agreement executed on behalf of the Village and returned to the City of Racine to my attention. Upon execution by the City, I will return one original signature copy to you for your files.

Thank you for your assistance in this matter.

Sincerely,

Richard M. Jones  
Commissioner of Public Works/City Engineer
