Re: One-way traffic on West Street

One-way traffic on West Street between Marquette and LaSalle Streets is signed as follows:

1. One-way, westbound, from Gideon Court to Marquette Street.
2. One-way, eastbound, from Gideon Court to LaSalle Street.

This is not in the traffic code of the municipal ordinances. If the Commission agrees, the recommendation would be to amend Section 94-81(23) of the Municipal Code of the City of Racine, WI relating to Traffic and Vehicles; "One-way streets" to include, "West Street between, between Gideon Court and Marquette Street, westbound" and "West Street between, between LaSalle Street and Gideon Court, eastbound".
