Subject: FW: Dangerous Parking near the State and West High Round-About

Hi JJ,

Please submit my request for 'no parking' signage on W. High Street between Orange & State Streets to the Common Council for referral to the Traffic Commission. I would also ask that Ms. Mrazek be notified of the Traffic Commission meeting.

Thanks so much.

Sandy Weidner
 Alderman, 6th District
 City of Racine

Subject: Dangerous Parking near the State and West High Round-About

Dear Sandy:

As alderwoman would like you to propose a **no parking area from State Street to Orange Street on the South side of West High Street. This involves the area in front of 3 houses.**

Currently, when cars are parked there, I have to drive on the opposite side of the street to get around them when approaching the round-about from West High. These houses park trucks with trailers, also making it even harder to get around them. This is going to make for a horrible potential accident and damage to the parked cars if someone comes off the round about. Actually, if I lived in those 3 houses I would not want my cars parked in a spot where damage might happen. We must have a clear access to the round-about so no parking should be allowed close to that approach.

I live at 2520 West High Street and have talked to my neighbors on both sides and across the street and they agree.

Thank you for your time,

Janet Mrazek
