ARTICLE 1 - BASIC SERVICES

1.1 General

1.1.1 CONSULTANT shall provide professional services for OWNER in all phases of the Project to which this Agreement applies. These services will include serving as OWNER's professional representative for the Project, providing professional consultation and advice, and performing the duties and responsibilities of CONSULTANT as provided below.

1.2 Study and Report Phase

N/A

1.3 Construction Phase

During the Construction Phase:

1.3.1 General Administration of Construction Contract. CONSULTANT shall consult with and advise OWNER and act as OWNER's representative as provided in Articles 1 through 18, inclusive, of the Standard General Conditions of the Construction Contract, C-700 (2013 edition) of the Engineers Joint Contract Documents Committee. The extent and limitations of the duties, responsibilities and authority of CONSULTANT as assigned in said Standard General Conditions shall not be modified, except to the extent provided hereinafter and except as CONSULTANT may otherwise agree in writing. All of OWNER's instructions to Contractor(s) will be issued through CONSULTANT who will have authority to act on behalf of OWNER to the extent provided in said Standard General Conditions except as otherwise provided in writing.

1.3.2 Visits to Site and Observation of Construction. In connection with observations of the work of Contractor(s) while it is in progress:

1.3.2.1 CONSULTANT shall make visits to the site at intervals appropriate to the various stages of construction as CONSULTANT deems necessary in order to observe as an experienced and qualified design professional the progress and quality of the various aspects of Contractor(s)' work. In addition, CONSULTANT shall provide the services of a Resident Project Representative (and assistants as agreed) at the site to assist CONSULTANT and to provide more continuous observation of such work. Based on information obtained during such visits and on such observations, CONSULTANT shall endeavor to determine in general if such work is proceeding in accordance with the Contract Documents and CONSULTANT shall keep OWNER informed of the progress of the work.

1.3.2.2 The Resident Project Representative (and any assistants) will be CONSULTANT's agent or employee and under CONSULTANT's supervision. The duties and responsibilities of the Resident Project Representative (and assistants) are set forth below.

1.3.2.3 The purpose of CONSULTANT's visits to and representation by the Resident Project Representative (and assistants, if any) at the site will be to enable CONSULTANT to better carry out the

duties and responsibilities assigned to and undertaken by CONSULTANT during the Construction Phase, and, in addition, by exercise of CONSULTANT's efforts as an experienced and qualified design professional, to provide for OWNER a greater degree of confidence that the completed work of Contractor(s) will conform generally to the Contract Documents and that the integrity of the design concept as reflected in the Contract Documents has been implemented and preserved by Contractor(s). On the other hand, CONSULTANT shall not, during such visits or as a result of such observations of Contractor(s)' work in progress, supervise, direct or have control over Contractor(s)' work nor shall CONSULTANT have authority over or responsibility for the means, methods, techniques, sequences or procedures of construction selected by Contractor(s), for safety precautions and programs incident to the work of Contractor(s) or for any failure of Contractor(s) to comply with laws, rules, regulations, ordinances, codes or orders applicable to Contractor(s) furnishing and performing their work. Accordingly, CONSULTANT can neither guarantee the performance of the construction contracts by Contractor(s) nor assume responsibility for Contractor(s)' failure to furnish and perform their work in accordance with the Contract Documents.

1.3.3 Defective Work. During such visits and on the basis of such observations, CONSULTANT may disapprove of or reject Contractor(s)' work while it is in progress if CONSULTANT believes that such work will not produce a completed Project that conforms generally to the Contract Documents or that it will prejudice the integrity of the design concept of the Project as reflected in the Contract Documents.

1.3.4 Interpretations and Clarifications. CONSULTANT shall issue necessary interpretations and clarifications of the Contract Documents and in connection therewith prepare work directive changes and change orders as required.

1.3.5 Shop Drawings. CONSULTANT shall review (and take other appropriate action in respect of) Shop Drawings (as that term is defined in the aforesaid Standard General Conditions), samples and other data which Contractor(s) are required to submit, but only for conformance with the design concept of the Project and compliance with the information given in the Contract Documents. Such reviews and approvals or other action shall not extend to means, methods, techniques, sequences or procedures of construction or to safety precautions and programs incident thereto.

1.3.6 Substitutes. CONSULTANT shall evaluate and determine the acceptability of substitute materials and equipment proposed by Contractor(s), but subject to the provision of paragraph 2.2.2.

1.3.7 Inspections and Tests. CONSULTANT shall have authority, as OWNER's representative, to require special inspection or testing of the work, and shall receive and review all certificates of inspections, testings and approvals required by laws, rules, regulations, ordinances, codes, orders or the Contract Documents (but only to determine generally that their content complies with the requirements of, and the results certified indicate compliance with, the Contract Documents).

1.3.8 Disputes Between OWNER and Contractor. CONSULTANT shall act as initial interpreter of the requirements of the Contract Documents and judge of the acceptability of the work thereunder and make decisions on all claims of OWNER and Contractor(s) relating to the acceptability of the work or the interpretation of the requirements of the Contract Documents pertaining to the execution and progress of the work. CONSULTANT shall not be liable for the results of any such interpretations or decisions rendered in good faith.

1.3.9 Applications for Payment. Based on CONSULTANT's on-site observations as an experienced and qualified design professional, on information provided by the Resident Project Representative and on review of applications for payment and the accompanying data and schedules:

1.6.9.1 CONSULTANT shall determine the amounts owing to Contractor(s) and recommend in writing payments to Contractor(s) in such amounts. Such recommendations of payment will constitute a representation to OWNER, based on such observations and review, that the work has progressed to the point indicated, and that, to the best of CONSULTANT's knowledge, information and belief, the quality of such work is generally in accordance with the Contract Documents (subject to an evaluation of such work

as a functioning whole prior to or upon Substantial Completion, to the results of any subsequent tests called for in the Contract Documents and to any other qualifications stated in the recommendation). In the case of unit price work, CONSULTANT's recommendations of payment will include final determinations of quantities and classifications of such work (subject to any subsequent adjustments allowed by the Contract Documents).

1.3.9.2 By recommending any payment CONSULTANT will not thereby be deemed to have represented that exhaustive, continuous or detailed reviews or examinations have been made by CONSULTANT to check the quality or quantity of Contractor(s)' work as it is furnished and performed beyond the responsibilities specifically assigned to CONSULTANT in this Agreement and the Contract Documents. CONSULTANT's review of Contractor(s)' work for the purposes of recommending payment will not impose on CONSULTANT responsibility to supervise, direct or control such work or for the means, methods, techniques, sequences, or procedures of construction or safety precautions or programs incident thereto or Contractor(s) compliance with laws, rules, regulations, ordinances, codes or orders applicable to their furnishing and performing the work. It will also not impose responsibility on CONSULTANT to make any examination to ascertain how or for what purposes any Contractor has used the moneys paid on account of the Contract Price, or to determine that title to any of the work, materials or equipment has passed to OWNER free and clear of any lien, claims, security interests or encumbrances, or that there may not be other matters at issue between OWNER and Contractor that might affect the amount that should be paid.

1.3.10 Contractor(s)' Completion Documents. CONSULTANT shall receive and review maintenance and operating instructions, schedules, guarantees, bonds and certificates of inspection, tests and approvals which are to be assembled by Contractor(s) in accordance with the Contract Documents (but such review will only be to determine that their content complies with the requirements of, and in the case of certificates of inspection, tests and approvals the results certified indicate compliance with, the Contract Documents); and shall transmit them to OWNER with written comments.

1.3.11 Inspections. CONSULTANT shall conduct an inspection to determine if the work is substantially complete and a final inspection to determine if the completed work is acceptable so that CONSULTANT may recommend, in writing, final payment to Contractor(s) and may give written notice to OWNER and the Contractor(s) that the work is acceptable (subject to any conditions therein expressed), but any such recommendation and notice will be subject to the limitations expressed in paragraph 1.6.9.2.

1.3.12 Limitation of Responsibilities. CONSULTANT shall not be responsible for the acts or omissions of any Contractor, or of any subcontractor or supplier, or any of the Contractor(s)' or subcontractor's or supplier's agents or employees or any other persons (except CONSULTANT's own employees and agents) at the site or otherwise furnishing or performing any of the Contractor(s)' work; however, nothing contained in paragraphs 1.6.1 thru 1.6.11 inclusive, shall be construed to release CONSULTANT from liability for failure to properly perform duties and responsibilities assumed by CONSULTANT in the Contract Documents.
