

06-2451

Rick:

This requisition is for a Case/New Holland tractor. The specifications are written so that you stay with the Case brand for this purchase.

In the past you would get a communication in to the Common Council requesting that formal bidding be waived and that the Purchasing Agent be instructed to negotiate with Case/New Holland dealers to complete this purchase for the Department of Public Works.

Thanks in advance for your assistance in this matter.

Mike
