

Dear City Clerk,

I am vetoing amendment 1 to item 0305-19, which would require items that failed to pass in the standing committees to also appear on the Common Council agenda.

In consultation with your office, the intent of this amendment will be achieved by the clerk and other city staff emailing standing committee meeting minutes separately to the Council and other interested members of the public on a regular basis. It is also information that will be available on the city website.

Including this provision complicates the agenda building process in Legistar and unnecessarily adds staff time to council preparation.

Sincerely,

Cory Mason
Mayor of Racine
