Nancy, thanks for the e-mail. I would like to meet with the appropriate committee to discuss our city stop and go lights procedures. It is a waste of time and money with the price of gas to have our stop lights operating the way they do during non busy hours. I feel we should program the lights so that the yellow flashing lights flash on the main intersection between the hours of 11:00PM to 5:00 am. and the red lights flash at the secondary intersection. This will eliminate vehicles sitting at stop signs waiting for traffic when there is no traffic, wasting valuable time and money..

Thanks,
Alderman Ron Hart

Ron,

I need you to send me something in writing regarding your request. Just reply to this e-mail and I will see that the item is put into Legistar and goes to the Traffic Commission.

Thank you!
