*Public Health Administrator - Janelle Grammer stated that the measles outbreak was very involved and the Health Department staff handled the situation in a very professional and impressive manner.*

*Janelle Grammer announced that the Community Health Improvement Plan (CHIP) listening group will take place on May 14, 2008 at 5:30 at Gateway and invited everyone to attend. A great deal of statistical data will be provided and a survey will be taken on the areas of concern regarding health priorities in our community. The CHIP listening group will be presented to individual and community organizations in the near future. Focus groups that are facilitated by community members will be formed based on the results of the surveys. The focus groups will choose objectives and goals for the top 5 health priorities in our community that are determined by the survey.*

*Lab - Dr. Julie Kinzelman is having a new graduate student coming over from England. He currently holds a masters degree in civil engineering and is working towards an additional masters in water environmental engineering.*

*Environmental Health - Marcia Fernholz reported that the pharmaceutical drop off day was very successful.*
