Racine, WI 53403

Re: Use of Michigan Boulevard Parking Lot

Dear Mr. Jones:

Globe Contractors, Inc. requests an extension of time for the use of the above site into the 2009 construction season. We currently have a conditional approval for the use of the site through 11-01-08.

We are using the site for two projects in Racine; Contract #32-08 & #33-08. If approved we would like to use the site for other Racine projects within the next year.

Your favorable consideration of this request is greatly appreciated. If you have any questions or need additional information, please contact me at our office.

Sincerely,

Robert D. Olson
President
Globe Contractors, Inc.
