

To The Honorable Gary Becker  
And the common council

06-18-45

To whom it may concern,

My name is William Van Offeren, and I am a regular transit customer. My consideration of purchasing a vehicle is becoming my only option. The main reason is the Break in service from 10am-3pm ~~during~~ During this period six buses are parked. The cost to have continuous service ~~also would~~ include 150 hours per week of increased individual bus service. To offset this cost I propose three incremental increases in funding: changing the bus token price to \$1.25 unless large quantities (500-1000) are bought at once, second increasing the regular bus fair to \$1.35 and monthly passes to \$45.00 before the next scheduled increase, third additional funding from the city. I am certain it would not take long to crunch these numbers to see if this change is feasible. Thank you for your consideration.

I request to appear before  
the commission to discuss  
this matter.

Sincerely,

Will Van Offeren
