Dear City of Racine Plan Commission,

The reason for my letter today is, I was granted a Conditional Use Permit and rezoning through Flex Development at 3457 Douglas Ave. The building is being used for a Plumbing Company, that will consist of a show room and offices. I'm requesting an extension on Occupancy due to the financial obligations that was necessary for the construction. I'm looking to be granted an extension between 6-12 months to allow more time for construction. In closing, I'm confident that within the extension timeframe requested I will be able to complete construction and have the building ready for occupancy. I Appreciate the time and consideration of the extension request also the time that was taken to read and provide a response.

Sincerely,

John Conner

President
