Keith Haas  
General Manager  
Racine wastewater Utility  
800 Center Street, Room 227  
Racine WI 53403

Dear Mr. Haas:

As we have recently discussed, Asset Recyclers would like to offer their E- Waste recycling services to the Racine area customer base currently participating in the Household Hazardous Waste recycling efforts. We understand that your site at 6200 21<sup>st</sup> street is an ideal place for this sort of collection. We believe that by offering both HHW and E Waste recycling on the same Saturday and same location as the HHW collection that it will be more efficient for the customer base that you have to participate in a wider range of recycling efforts.

We understand that our use of the facility at 6200 21<sup>st</sup> street will require us to provide a hold harmless agreement and certificate of Insurance at a minimum to the City of Racine to make this effort happen. Please present our request to your wastewater Commission and any other governing body to help us provide this service to your customers in what we believe to be a win- win proposition. If we can be of any assistance in this endeavor please feel free to call us.

Regards,
