This list completes the compliance checks for November and December of 2007.

Sincerely,

Dean Stanton
Deputy Chief, Investigative Division
Racine Police Department

**Racine Police Department
Wisconsin WINS 1st Quarter Report
01/01/08 to 3/31/08**

The City of Racine Police Department conducted forty compliance checks from January 1st, 2008 to March 31st, 2008. The dates of the compliance checks were March 19th and March 27th. The City of Racine Police Department contracted with the City Health Department to conduct a total of 220 compliance checks in the year 2008 and reimburse the Police Department \$45.00 for every compliance check completed, not to exceed \$9,900 in the year 2008. The City of Racine has completed forty compliance checks to date.

During the first set of compliance checks, completed on March 19th, four Racine businesses out of the twenty businesses checked sold tobacco products to a 17 year old minor. Two of the businesses scheduled to be checked were not checked because one of them was closed at the time of the check and the other had unsafe conditions for the volunteer.

During the second set of compliance checks, completed on March 27th, five Racine businesses out of the twenty businesses checked sold tobacco products to a 16 year old minor. One of the businesses scheduled to be checked was not checked because the business was no longer open for business.

No community outreach programs were completed during the first quarter. No media outreach programs were completed during the first quarter.

The City of Racine Health Department supplied the buy money for the compliance checks completed, per the contract. A total of \$200.00 was issued by the Health Department in the first quarter in order to complete the planned compliance checks. All the money was requested in ten dollar bill increments in compliance with the Municipal Judges' request. A total of \$44.18 was used during the first quarter, therefore leaving \$155.82 for use in later checks. (On March 19th \$20.67 was used to purchase tobacco, and on March 27th \$23.51 was used to purchase tobacco, soda, and snacks.)

Compliance Checks Performed March 19, 2008

** This is Racine Police Department's second year participating in the WINS program, therefore not all the information has been transferred to our department from the Racine County Sheriff's Department. The Racine Police Department has conducted tobacco compliance checks, but not under the WINS program. The first time offenders are based on ONLY the Racine Police Department's findings during the inspections beginning in 2006.

All the offenders were cited for the violation. The City of Racine's municipal ordinance only allows for the agent or the clerk to be cited, not both. The City of Racine Municipal Judge has recently determined (September 2007) that the business's agent cannot be cited for the violation if he/she does not actually sell the tobacco to the minor. The clerk is the only individual who shall receive any citation for the underage sale violation.
