To: Alderman Mollie Jones, Chair
Public Works and Services Committee

From: Trevor Jung
Transit Manager

Re: 1900 Kentucky Street WE Energies Easement Request.

We are submitting the proposed WE Energies easement request related to RYDE Racine's electric bus charging equipment installation. In order to extend utility service to this location, WE Energies will need to install new electric facilities on the property. Prior to performing this work they must obtain an easement which will cover the installation and maintenance of this equipment.

There is no fiscal obligation from the City required.

If the Committee agrees, the appropriate action would be to approve the easement and authorize the Mayor to sign the Easement agreement.

Sincerely,
Trevor Jung
