

Dear City Clerk,

I am vetoing Amendment 2 to item 0305-19, which would allow 10 members of the Council to directly refer an item to the Council floor after an item has failed in a Committee.

Items that have failed in committee should not advance. Alders can reintroduce proposals in an identical or amended fashion in an attempt to garner additional support. Items should receive an affirmative committee vote before advancing to the full Council.

Sincerely,

Cory Mason  
Mayor of Racine
