RE: PERMISSION REQUEST - FARMER'S MARKET

The West Racine Business and Professional Association requests permission to use the Northeast section of the parking lot behind Bendtsen's Bakery for the West Racine Farmer's Market during the months of May through October, 2015. The Farmer's Market is scheduled to begin on Wednesday, May 13, 2015. Their hours on Wednesdays will be from 11:00 am to 4:00 pm and Fridays, from 8:00 am until Noon.

We already contribute toward the maintenance of the lot and find it necessary to relocate the Farmer's Market in 2015 as the DaVita Dialysis Center is using the Farmer's Market location to store their heavy equipment while construction on their new building in West Racine is being completed.

Thank you for considering our request. Please let me know if you have any questions or need further information.

West Racine Business and Professional Association
