

10-4792

My Ladies and Gentlemen from the Transit and Parking Commission,

I appreciate it so much that You invited me to this Agenda.

I feel very honored to be here. So that I can take my chance to

negotiate for a most achievable agreement for the bus stops at

Prospect Heights for the disabled people at Prospect Heights

Community Living Center. Right now we are in the situation that

6 buses are coming. 3 buses in the morning at 6:47, 7:47 and 8:47

and 3 buses in the evening at 4:47 PM, 5:47 PM and 6:47 PM.

We from Prospect Heights would be so glad if we could achieve an

agreement of buses coming at 6:00 AM, 9:00 AM, 12:00 PM, 3:00 PM, 6:00 PM

and 9:00 PM. This would also mean that just 6 buses are coming and

it would hopefully not cost more than the former arrival situation of

the buses and be more appropriate for the people of Prospect Heights.

I also would be so glad if we could achieve my suggestion as much as

possible. That means that the gap between the last bus at 8:47 AM and

the first bus at 4:47 PM gets closer than it is today.

I thank You and the Office of the City Engineer so much for the

invitation. Thanks, Your David Wesley
