Dear Sir:

I am writing on behalf of the Old Timers Athletic Association. The O.T.A.C. is a federally recognized charitable foundation. Our mission, for more than 50 years, has been to support Racine youth in athletic activities. At our current pace, our support of this cause will surpass \$1,000,000 sometime this decade. One of the other things we have done is supply and erect the scorers booth at the Horlick baseball field.

We have a number of fundraisers that allow us to accomplish our mission. Without them we could not continue. One of them is our annual softball tournament, moving into its 53rd year. We need to advertise the tournament, of which all proceeds go to our stated mission. One of the ways we do that is by hanging banners in strategic places around the city. Among these strategic locations are city park fences. We are asking that the fee for hanging our tournament advertisements be waived. Whatever money we pay ends up coming out of what we have available to support area youth athletics.

We appreciate your time and consideration.

John Akers
