730 Washington Ave
Racine WI 53403

September 24, 2018

Ladies & Gentlemen:

I am contacting you regarding the extension of electric cable across a portion of the Johnson Park property to serve some vacant parcels on the south side of 3 Mile Road.

We Energies is proposing to splice into the existing cable along the west side of Johnson Park Drive. We will then bore under the road and continue east onto the properties requesting service. Prior to performing this work we will need to obtain an easement which will cover the installation and maintenance of this new cable.

Attached you will find the proposed easement and temporary Exhibit "A". A final Exhibit "A" will be drafted by our surveyors after the route has been approved and staked

If you have any questions concerning the attached documents please contact me. Thank you.

Tracy Zwiebel
